From the Lodge of Perfection

What did I miss at My Valley Meeting last month?

By Mike Dulaney, 32°

At our Valley's stated meeting Monday, March 2nd, 2026, Brother Aaron Simon from Washington Masonic Services paid a visit to the Valley of Everett for a naming gift signing for our contribution to the Grand Lodge of Washington Library & Museum, this honor was for a \$5,000 dollar donation made by the Valley of Everett for the Washington Library & Museum.

Also at this meeting, the Valley of Everett read and further discussed the Eighth Degree of the Scottish Rite, "The Intendent of the Building". At several stages while reading the degree, the degree was paused throughout the reading of the degree to discuss various aspects of the Degree. This approach allowed the members present the ability to further explore and discuss its symbolism, intent, and meaning in greater depth, giving everyone present a richer understanding of the Eighth Degree, by utilizing the same structure as we did in the previous degrees.

At our stated meeting, on Monday, March 16th, 2026, the Chapter of Rose Croix presented to the Brethren of the Valley of Everett the "Ceremony of Remembrance. Our Chef, Ms. Alice prepared a delicious meal consisting of Roast Beef with oven roast-

ed potatoes, carrots and peach cobbler for dessert. Those who were in attendance had a fantastic meal and a ceremony to remember for our nine (9) Brethren who have passed and were called by the Supreme Architect of the Universe to that Celestial Lodge above, to which no man returns.

At your next two (2) Valley of Everett's meetings. on April 6th, we plan on continuing our further exploration into the ninth degree of the Scottish Rite's ninth degree, known as the "Elu of the Nine." This degree expressed the need to serve as a pivotal in the Lodge of Perfection, and on April 20th, the Valley will continue its educational and discussion of the tenth degree. "Elu of the 15" which emphasizes tolerance respect for diverse beliefs, and the moral duty to uphold justice.

As always, our Personal Chef, Ms. Alice Anderson, will be preparing wonderful buffet dinner for all in attendance prior to our stated meetings. It is always a pleasure to break bread with my Brethren at our stated meetings. It is our hope that your schedules will allow you to find the time to join us at our next meetings.

We Must Male The Future

By Dewey Wollstein, 32°, KCCH

A great deal is being written of Masonry's part in the future. It seems that we often travel a circuitous route to arrive at some conclusion that should be found very close to home. There are two points to consider.

The influence of Masonry- its value to society- and the efforts that we as individual Masons are willing to extend in order to continue to make Masonry a vital, living power. Let us no longer dwell on what is going to happen to Masonry in the future. Let us dwell on how we will make a world which will naturally seek an institution that has been throughout the ages the stronghold of Brotherhood.

Masonry, through Masons, doing, living, and expounding the principles of our Institution will create a decent future. Masonry with the courage to

carry the Banner of Freedom, of Tolerance, of Justice, will march forward into the future that it made for the benefit of all people. The challenge is here. Masonry is not caught in the grip of conflicting economic theories. Our Institution has espoused the cause of Man, not of groups. Masonry has taught a Universal Religion, not a narrow dogma. Masonry has made the plane upon which all men may meet on the level of equality. Unless Masonry's place be secure in the future, there is no future.

The future is being made today. If a world is being made in which there are only dollar and machine values, a world in which culture and dignity are no longer factors, a world in which sound morality has no market, then we must bestir ourselves in order to bring about a future that will insure Masonry's place.

The History of Freemasons For the Month of April

April 02—In 1875 at Wamego, KS. American motor car manufacturer, Walter P. Chrysler's. career in the motor industry began with Buick in 1912, but he went on to set up his own corporation and to become a household name. Bro. Chrysler began his career as an apprentice in a railroad machine shop. Soon after he became the manager of the Buick Motor Company and in 1916 was the company's president. He resigned from the Buick Motor Company to oversee Willys-Overland Company and Maxwell Motor Company . In 1925 he merged the two to become The Chrysler Corporation. He died at Great Neck, NY, August 18, 1940.

April 05—In 1955, Bro. Winston Churchill, the leader who helped guide Great Britain through World War II, retired as Prime Minister of Great Britain. A master diplomat, military strategist, and writer, Bro. Churchill was Britain's Prime Minister on two different occasions, and then in 1953 was awarded the Nobel Prize in Literature. Bro. Churchill was one of the most important political leaders of the world.

April 09—In 1935, the U.S. Congress approved Bro. Franklin Delano Roosevelt's Works Progress Administration (WPA). Later called the Work Projects Administration, the national program employed more than 8 million people on 1.4 million projects before it was ended in 1943. The Federal Art Project was one of WPA's projects that assisted artists: The Federal Art Program (FAP) was a branch of the WPA, Bro. Roosevelt's massive work-relief effort. In its peak years, 1936 to 1938, the FAP employed 5,000 artists across the country, at a salary of \$95 a month. They created murals, sculptures and paintings, taught community art classes to millions, and produced 2 million posters from 35,000 designs at a cost of about a dime each.

April 12—In 1945, the 31st US President and Bro. Franklin Delano Roosevelt died at Warm Springs GA at age 63. Bro. Roosevelt became President in 1933, serving until his death. He was elected to four terms, the only US President ever to serve for more than two. During his Presidency he guided America through World war II in close alliance with Britain's Prime Minister, Bro. Winston Churchill. He was raised November 28, 1911 at New York City's Holland Lodge No, 8, and earned the 32nd Degree in the Scottish Rite at Albany, NY, February 28, 1929. He was a member of Cypress Shrine Temple, Albany, NY, Tri-Po Bed Grotto, Poughkeepsie, NY, and Greenworld Forest, Tall Cedars of Lebanon, Warwick, NY. In 1930, he was appointed representative of the Grand Lodge of Georgia near the Grand lodge of New York. An ardent Freemason Bro. Roosevelt held honorary membership in a host of Masonic related groups. As President he received many Masonic delegations to the White House and on April 13, 1935, he became the first honorary Grand Master of the Order of DeMolay.

April 21—In 1910, author and Bro. Samuel Langhorne Clemens, better known as Mark Twain, died in Redding, Conn. The American author and humorist was born November 30, 1835 at Florida, MO. Among his many famous books are: The Innocents Abroad; Roughing It; The Adventures of Tom Sawyer; The prince and the Pauper; The Adventures of Huckaberry Finn; a Yankee at King Arthur's Court and others He was a member of Polar Star Lodge No. 79, St. Louis, MO. He was later suspended from that Lodge but reinstated on April 24, 1867. However, he demitted October 8, 1868 and never again affiliated with any lodge

Contact Terry Grove 425-610-4561 or email him at terrygrove50@yahoo.com

Frank and Webby say “Come on out to the Ball Park. Join us for a great evening of Baseball, Fun and Fireworks.”

IN MEMORIUM

The Members of the Valley of Everett Scottish Rite, Have been deeply saddened to learn that

The Supreme Architect of the Universe, has summoned to the Grand Celestial Lodge above the following brother.

ANGEL CORPUS, 33°

His labors with us have ended. He lived respected and died regretted. Farewell my Brother, Until We Meet Again

Masonic Humor

A newly initiated EA returned home to his wife, who was eager to find out how he fared.

"Well, you understand that I can't give you the details, but I can say that there were walkers, talkers, and holy men. The walkers walked me around the room. The talkers spoke and gave lectures. And the holy men sat on the sidelines holding their heads in their hands saying, 'Oh my God, oh my God!'

A Season of Renewal - Masonic Family Park Unveils Upgrades and New Adventures for 2026

Tucked away in the peaceful foothills of Granite Falls, Washington the Masonic Family Park continues to grow as a beloved retreat for Masons, their families, and friends. With 245 acres of magnificent Hemlock, Fir, and Cedar trees, the park offers a perfect balance between nature and community — a place where fellowship thrives beside flowing creeks and quiet forest trails.

As we look forward to the 2026 season, several exciting projects and events are shaping the park's future, including the completion of the main bathroom remodel, road resurfacing in the spring, and planning for a new outdoor lodge area across from Rainbow Dream Camp.

A Comfortable Upgrade: Main Bathroom Remodel Complete

One of the park's biggest milestones this year is the completion of the main bathroom renovation with "accessible" shower and toilet facilities in both the men and women's rooms. Visitors will appreciate new fixtures, improved lighting, and more accessible, durable facilities built to serve the community for years to come. This project reflects the generous support and dedication of park volunteers, donors, and Masonic lodges from across the state who contributed their time, effort and money to make the update possible.

Looking Ahead: Road Resurfacing This Spring

As the 2026 camping season approaches, the next project on the horizon is the resurfacing of the park's internal roads. This work, planned for early spring, will greatly improve ease of travel throughout the park, creating smoother, safer access for campers, RVs, and visitors. Better roads mean less dust, improved drainage, and a more comfortable experience for everyone from arrival to departure.

A New Outdoor Lodge Across from Rainbow Dream Camp

Plans are also moving forward for a new outdoor lodge area nestled in the forest across from Rainbow Dream Camp. This new location will provide a peaceful natural setting for outdoor meetings, degrees, and special events — honoring the fraternal bond between Masonry and nature. Thoughtfully designed to complement its wooded surroundings, the outdoor lodge will become a meaningful gathering place for years to come.

Park Highlights and Amenities

The Masonic Family Park is home to a wide variety of camping options and facilities that make it a favorite destination for families and groups alike.

- Private RV campsites with shelters and fire pits along the creek
- Group camping areas for lodges and reunions
- Two playgrounds, a dump station, and a bathhouse with hot showers

- The Big Kitchen — available for reservation with a small fee for cooking and events
- Peterson Hall — a community gathering space with comfortable couches a large table and stocked with games, books, puzzles and an Air Hockey Table
- Beautiful Canyon Creek — perfect for swimming, fishing, or a refreshing stroll.

Visitors are welcome to come up for the day to picnic, explore, or enjoy the tranquility of the forest. The park is open each year from April 1st through October 1st. Anyone wishing to visit outside these dates should contact the caretakers for access.

2026 Season Dates to Remember

- Camping Season Opens: *April 1st, 2026*
- Annual Open Air Master Mason Degree: *August 1st, 2026*
- *Washington/Idaho International Order of Rainbow for Girls Dream Camp/1st Official Visit of the new Grand Worthy Advisor August 7th – 10th 2026*

The Annual Open Air Master Mason Degree remains one of the most treasured traditions of the Masonic Family Park, drawing brethren together from Washington, Oregon, BC, Yukon, California and Montana under the towering evergreens for a truly memorable Masonic experience.

Get Involved: "Adopt a Shelter"

The "Adopt a Shelter" program offers a great opportunity for lodges, families, or individual members to contribute directly to the park's upkeep. By adopting a picnic shelter, volunteers take responsibility for light maintenance — such as cleaning, painting, or small repairs — helping to preserve the park's beauty and functionality. Every shelter adopted adds to the park's legacy of teamwork and care.

Continuing the Legacy

The Masonic Family Park continues to flourish thanks to the dedication of Masons and families who give their time, energy, and financial support. With the major restroom renovation complete, improved roads ahead, and a new outdoor lodge in progress, 2026 promises to be one of the park's best seasons yet.

Mark your calendars for April 1, 2026 — and plan to experience the serenity, fellowship, and Masonic spirit that make the Masonic Family Park a home away from home for our entire fraternity.

For reservations, volunteer opportunities, or to learn more about the "Adopt a Shelter" initiative, please contact the Masonic Family Park at Info@masonicfamilypark.net Camping reservations can be made through our website at

<https://www.masonicfamilypark.net/>

Spring Time and Freemasonry

(An AI/Web Generated Article)

Spring is a time of renewal and rejuvenation, and it holds a special place in the hearts of Freemasons. As the snow melts and the flowers bloom, the Fraternity celebrates the arrival of spring and the rich symbolism it represents.

In Freemasonry, spring represents a time for new beginnings and fresh starts. It symbolizes the hope of new growth and the promise of a brighter future. This is reflected in our beliefs and practices, which encourage us to continually seek growth and improvement.

Springtime and Freemasonry fit together naturally because the season's themes—renewal, light, growth, and moral rebirth—mirror some of the most enduring ideas in Masonic philosophy. The connection isn't about formal rituals tied to the calendar; it's about symbolism, historical rhythms, and how lodges traditionally come back to life after winter.

Spring as a symbol of renewal in Masonic thought

Spring aligns with several core Masonic ideas:

- Emergence from darkness into light — a central metaphor in Masonic degrees. Spring mirrors the candidate's journey from ignorance to understanding.
- Rebirth and regeneration — the natural world reawakens, echoing the Masonic emphasis on self-improvement and continual moral rebuilding.
- Balance and harmony — the equinox represents equilibrium; a concept reflected in Masonic teachings about order and proportion.

These parallels make spring a season that feels “Masonic” even without official observances.

How spring shapes lodge life and activity

Historically, many lodges—especially in colder regions—reduced activity during winter. Spring became a natural time for:

- Resuming degree work as attendance rises and travel becomes easier
- Officer planning and leadership development for the coming Masonic year
- Community events and charity work, often tied to outdoor gatherings
- Educational programs focused on renewal, sym-

bolism, or historical anniversaries. In many jurisdictions, spring marks the start of the most active part of the lodge calendar.

Spring themes in Masonic symbolism

While not tied to specific rituals, spring imagery appears in:

- The sprig of acacia, a symbol of immortality and hope
- The working tools, which represent building anew after a peri-

od of rest

- The allegory of the Temple, which is always under construction—just as spring is a season of rebuilding

These symbols take on added resonance when the world outside is also renewing itself.

Historical events that give spring extra meaning

Several notable Masonic anniversaries fall in March–April, which often leads lodges to schedule talks or commemorations during this season. You've already explored April's significance, but spring as a whole is rich with Masonic history, especially in the U.S. and Scottish Rite traditions.

How Masons interpret spring today

Modern Freemasons often treat spring as:

- A philosophical reminder to refresh one's commitments
- A practical restart to lodge activity
- A symbolic season for mentorship, new candidates, and renewed engagement

Even without formal doctrine, spring becomes a time when the Craft feels especially aligned with its own teachings.

The arrival of spring also symbolizes the triumph of light over darkness, as the days grow longer and the sun shines brighter. This is a reminder of our own journey towards the light of knowledge and wisdom, and our commitment to continually seek the truth.

As we celebrate the arrival of spring, let's reflect on the rich symbolism it represents and renew our commitment to the values and principles of Freemasonry. Happy Spring, brethren!

Masonic Biography

Brother King Camp Gillette (1855 –1932)

King Camp Gillette
January 5, 1855 - July 9, 1932

The American inventor, King Gillette, introduced the safety razor to the market on September 28, 1901.

King Camp Gillette was born on January 5, 1855 in Fondu Lac, Wisconsin, U.S and passed away on July 9, 1932, Los Angeles, California was an American inventor and the first manufacturer of a razor with disposable blades.

Brother King Gillette, reared in Chicago, was forced by his family's loss of possessions in the fire of 1871 to go to work, so he became a traveling salesman of hardware. An employer noted his preference for mechanical tinkering, which sometimes resulted in commercially profitable inventions, and advised him to invent "something that would be used and thrown away" so that the customer would keep coming back.

While honing a permanent straight-edge razor in 1895, Gillette had the idea of substituting a thin double-edged steel blade placed between two plates and held in place by a T handle. Instead of being sharpened, the removable blade would simply be thrown away once it became dull. Gillette had no background in metallurgy, and manufacturing such a blade proved a challenge. It was some six years before William Nickerson developed a way to mass-produce the blades from sheet metal. The Gillette Safety Razor Company's first sale, in 1903, consisted of a lot of 51 razors and 168 blades; by the end of 1904, it had produced 90,000 razors and 12,400,000 blades. Gillette's innovative sales strategy—he sold

the razors for a loss and made his profits on the blades—helped make the product a success.

Gillette then turned his intellectual energies to publicizing a view of utopian socialism in a series of books and other writings. He found competition wasteful and envisaged a planned society in which economic effort would be rationally organized by engineers. In 1910 he vainly offered former president Theodore Roosevelt a million dollars to act as president of an experimental "World Corporation" in the Arizona Territory. Gillette remained president of his company until 1931 but retired from active management in 1913.

Brother Gillette was part of a broad socialist movement in the USA in the 1890s, who wanted to use the profits from his safety razor to finance his beliefs in a new socialist system. Brother King C Gillette was as a Master Mason in June of 1901 at Adelphi Lodge in Quincey, Massachusetts and demitted to Columbian Lodge in Boston, Massachusetts in April of 1909. Brother Gillette passed to the Grand Celestial Lodge on July 9th, 1942 and his remains were laid to rest at the Forest Lawn Cemetery in Glendale, California
